## Cruiser News

Hubert F. Roy, of Detroit, Michigan and member of St. Clair Yacht Club writes of the Club's interest in Cruiser racing and of the six contests staged in 1959. Much interest has been shown by all Cruiser owners and the St. Clair Yacht Club is already planning to sponsor Predicted Log Racing in '60, on an enlarged scale by opening the entry list to all Cruiser owners, rather than Club members only.

Cruiser Rule Books have been provided for the group and it is expected that next season will produce sanctioned Predicted Log racing in the area.

This information is published for reference of APBA's membership. It is suggested that owners of race boats make their equipment available for display purposes in your areas to stimulate interest in power boat racing. Your National Office has addresses and contacts at the various locales for any member unable to secure this information locally.

Jim Coutts, of No. Tonawanda, N. Y. in his homemade Stock Hydro Cab-over "Ho Hum" (78-N). Jim was winner of the New York State Championships in 1959 and New York State High Point driver in D Stock Hydro Class.

## Protests Disallowed

The Stock Outboard Racing Commission has voted in majority to disallow the protest of Paul Kalb, regarding the legality of the 20H Kits and the method of acceptance.
